

Prashant Sharma

Student

✉ prashantsharmaa1204@gmail.com 📞 7876062814 📍 Mumbai India

PROFILE

Motivated Computer Engineering undergraduate with strong fundamentals in programming, software development, and real-world project experience. Quick learner with hands-on experience in building full-stack applications, automation tools, and dashboards. I am actively seeking an internship to grow technical skills and contribute to impactful solutions.

EDUCATION

B.E Computer Engineering
Terna Engineering College

2023 – 2027
Mumbai India

TECHNICAL SKILLS

- Languages: Python, C, Java, SQL
 - Databases: MySQL, Firebase
 - Concepts: Data Structures, Algorithms, OOP
- Web Development: HTML, CSS, JavaScript, Flask, React, Node.js (MERN)
 - Tools & Technologies: Git, GitHub, VS Code, Postman

PROJECTS

- AI Python based Trading BOT**

Developed an AI-ML based trading bot that predicts trading risk using ML models, Python Backend and Interactive visualizations. Include automated trades placing alerts and reports

11/2025 – 12/2025
- Ground Water Monitoring & Predictive Analytics System | Smart India Hackathon 2025 (Waitlist Finalist)**

Developed an AI-based dashboard that predicts groundwater risk using ML models, Flask backend, and interactive JS visualizations. Includes automated alerts and reporting.

09/2025 – 10/2025
- Inventory Management System**

Built a stock, orders, and member management system using Python, Flask, and Firebase realtime database

05/2025 – 07/2025
- The College Canteen**

Built a food ordering application using React and Node.js with Firebase backend integration.

02/2025 – 04/2025
- Minion Talk**

Created a fun web app using HTML, CSS, and JavaScript that converts English input into Minion language using Fun Translations API.

04/2025 – 06/2025
- Snake Game**

Developed a simple Snake game using Python (Turtle) with OOP, score tracking, and collision detection

01/2025 – 01/2025
